

**Join us to Cambodia from January 22 - February 1, 2016
and have the time of *your* and *their* life!**

Since the establishment of the Toetssteen (Touchstone) Foundation by the end of 2010, we have built for more than 300 poor Cambodian families a decent home and provided 1000's of Cambodians with water reservoirs, all with the support of our friends of Tabitha Cambodia and the Wilde Ganzen. Once a year we go with a team of 20 enthusiastic persons, people who like to make a difference, on a journey to Cambodia. Any building experience is absolutely not required. But money certainly is!

A 10 days Cambodia experience ...

The main purpose of the trip is of course to build as many houses for the poor in Cambodia. Building every day is physically impossible and so we use the other days to see as much as possible of this beautiful country: the impressive temple complex of Angkor Wat, the capital Phnom Penh, our Water = Green project and other projects, the under construction Nokor Tep hospital for women and so much more. The last two days we really go on the job with a hammer and nails.

The trip is very well organized, takes place in the dry season (temperatures averaging 30 degrees!) and in terms of food (hygiene), transportation and hotels (safety and comfort) adapted to our members. Joining our trip also appears to be a great opportunity for social relationships. Whoever wants to join us, has to take care of the necessary vaccinations and a valid passport. We can advise you in this of course.

Joining us: an unforgettable experience!

Sponsoring a house will cost € 800, - (you may give the house a name); if you join us you pay € 1900, - for the travel and accommodation expenses. Only the drinks are for own account. You will be sure to have an adventurous and very well organized trip, getting to know this beautiful country and its people. But above all: you give an underprivileged Cambodian family a future again!

Meanwhile it has become clear: going to and building in Cambodia is truly an unforgettable experience!

Join us to Cambodia from January 22 - February 1, 2016 !!

Be the difference and help us with your own hands building houses in Cambodia! Please watch the video on our website for an impression of one of our journeys.

Are you going with us? Please respond asap and mail to info@stichtingtoetssteen.nl. We would appreciate it if you would Like our FB page and Share this post with your FB friends if you support our initiative.

Akun,

Laura Bos, Cor Hoogeveen and Giulio Tomaello
